TEACHER'S REMARKS :

An adorable and well-behaved child, Manaal is confident of her abilities, which enables her to complete all assigned tasks with ease. Her knowledge of her surroundings manifests itself during class discussions. She has worked conscientiously to maintain a good academic standard this term. However, her attendance has been affected due to leave taken.

PARENT'S SIGNATURE

At the primary level the development of right skills and work habits is very important. These are the tools which help a child to learn with ease and thus to develop mentally, emotionally and physically. The progress your child makes at school depends to a large extent on your interest as a parent. It is through the co-operative efforts of the parents and the school that the best results can be obtained. We urge you therefore to attach due importance to our report on the development of these skills and work habits in your daughter. It should be remembered, however, that we do not expect all children to achieve the same level of success, as children progress at different rates according to their individual development and ability.
